

Breakfast Sandwich

Recipe

Heat a large non-stick pan over medium heat and drizzle with 1 Tablespoon oil.

Place your English muffin on half of the pan cut-side down. Crack 2 eggs side by side on the other half of the pan and break the yolks with a spatula.

Once eggs are mostly cooked through, sprinkle tops with salt and pepper to taste, 1 teaspoon fresh chives and half of shredded cheese. Place toasted English muffins cut-side-down over the eggs and lightly press on the tops with a spatula.

Flip the sandwich over (egg-side-up). Place ham over half of your sandwich and top with more cheese. Fold the sandwich together and remove from heat.
